

Invitation

2nd BiogasIN study tour in Czech Republic, Austria and Germany

21 September to 23 September 2011

The tour will provide different biogas plant visits with interesting utilisation paths for heat and digestates. Experience and reports from operators and project developers regarding permitting procedures will complement the tour. The tour aimed at the improvement of the biogas framework in CEE.

Target group	Administrative bodies (ministries, permitting authorities, federal or regional governments, consultant of administrative bodies, staff in the field of supporting schemes), but also farmers and potential biogas investors
Accompanied by	Franz Kirchmeyr, Enrico Rose and Jan Stambasky from EBA – European Biogas Association)
Participation fee	Costs for traveling by bus, accommodation and light meals (except Friday evening) are free of charge

Please contact
for more information
or registration until
to 10th of september:

Enrico Rose
